Starting School

Tailored to your class level

Every topic can be tailored for Infants or for First & Second Class, depending on learning stage and budget — same topic, different books, props and challenge level. Just tell us your class level and we'll do the thinking.

Can't see your topic? Tell us what you're teaching and we'll build it. A practical way to spend classroom or literacy resource budgets on ready-to-use materials.

Build your StorySacks collection over time

Many schools build their collection over several years. For example: Year 1 Junior Infants · Year 2 Senior Infants · Year 3 First & Second Class. One budget at a time. No long-term commitment. Already ordered from StorySacks? We'll keep your highest discount on future orders — even for top-ups and replacements.
